(+62) 811-3601-676 | erinbs.ebs@gmail.com | [GitLab](#) | [GitHub](#) | [Dribbble](#) | Trenggalek

Graduate of Informatics from Universitas Muhammadiyah Malang with foundational experience in Web Development, UI/UX Design, and Digital Marketing. Familiar with React.js, HTML, CSS, JavaScript, Figma, and Laravel, with practical experience in building web applications and designing user interfaces. Comfortable working in both team settings and independently. Seeking opportunities to apply skills in a growth-oriented environment and contribute to innovative digital solutions.

EDUCATION

Universitas Muhammadiyah Malang - Indonesia   Oct 2020 - May 2024
Bachelor of Computer Science 3.96/4.00

WORK EXPERIENCE

PT Talenta Sinergi Group (Eduwork)   Aug 2023 - Nov 2023
FrontEnd Programmer

- Developed and launched a forum website using React.js, implementing search, filter, tag, and user profile features.
- Designed and deployed a mentor dashboard with a drag-and-drop interface, which improved the efficiency of curriculum management and assignment tracking.
- Created a Stack Overflow-like submission form and question detail page, and built a content management system, streamlining mentor material editing processes.

Boosternesia   Sep 2021 - Dec 2021
Web Development and Digital Marketing Staff

- Revamped the Boosternesia website using HTML, CSS, Bootstrap, and JavaScript, significantly enhancing website appearance and performance.
- Optimized website design to ensure compatibility across mobile, tablet, and desktop devices, improving accessibility and user engagement metrics.
- Redesigned the web interface to be more intuitive, leading to a better user experience and increased user satisfaction.

ORGANIZATIONAL EXPERIENCE

Developer Community   2021 - 2022
Social Media Staff

- Developed and implemented social media strategies, increasing brand visibility and audience engagement.
- Managed and expanded social media accounts (Instagram), creating and scheduling content to boost user interaction.
- Strengthened audience loyalty and cultivated a more active community through targeted content and engagement.
